

# Non-UCITS retail scheme Key Investor Information

This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

FP Octopus Fixed Income Fund, a sub-fund of FP Octopus Investment Funds

Class B Accumulation GBP (ISIN GB00B41NRM60)

Class B Income GBP (ISIN GB00B407SY80)

The Fund is managed by FundRock Partners Limited.

## Objective and investment policy

**Objective:**

The Fund aims to achieve a balance of income and capital growth over the medium to longer term (not less than 5 years).

**Policy:**

- The Fund will invest not less than 80% of its assets in bonds, directly (in individual gilts and bonds in times of market stress) or indirectly through collective investment schemes such as unit trusts, open-ended investment companies, UCITS funds, exchange traded funds and closed-ended schemes.
- Foreign currency exposure may be hedged back into £-Sterling.
- The Fund may also invest in other transferable securities, money market instruments, cash and near cash and deposits in seeking to meet the investment objective.
- The Fund may (infrequently and in times of market stress) use certain financial contracts (derivatives) for efficient portfolio management (including hedging). The use of derivatives (investments whose value is linked to another investment, or the performance of a stock exchange or to some other variable factor, such as interest rates) for efficient portfolio management (to reduce costs and/or the overall risk of the Fund) should not lead to an increase in risk to the Fund.
- The Fund does not currently but may in future use securities lending for the purposes of efficient portfolio management.
- The Fund is actively managed.

**Benchmark:**

- For the purpose of providing comparable indicative returns only, investors should refer to the Investment Association (IA) Sterling Strategic Bond sector ("Comparator Benchmark").
- The Comparator Benchmark has been chosen by the ACD because the Fund

invests in similar assets to funds that are included in the IA Sterling Strategic Bond sector and the Fund's bias towards investments in Sterling (or Sterling hedged) fixed interest securities.

- The Comparator Benchmark does not represent, or act as, a constraint in the selection of individual investments in the Fund or the management of the Fund's portfolio.
- The Comparator Benchmark is used to compare the Fund's performance to the performance of other funds in the IA Sterling Strategic Bond Sector over a variety of time frames.
- The performance of the Fund may deviate materially from the performance of the Comparator Benchmark.

**Other information:**

- You can buy and sell shares on most business days where the London Stock Exchange is open for a full range of services.
- The Fund's base currency is Pounds Sterling.
- We carry out investors' requests, to buy, sell or switch, at midday on each business day (which excludes UK public holidays). If we receive a request after midday, we deal with it on the next business day.
- Recommendation: the Fund may not be appropriate for investors who plan to withdraw their money within five years.
- There can be no guarantee that the objective of the Fund will be achieved.
- On encashment, particularly in the short-term, you may receive less than the original amount invested.
- If you hold accumulation shares, income from investments in the Fund will be rolled up into the value of your shares.
- If you hold income shares, income from investments in the Fund will be paid out to you twice a year.

- This indicator is based on historical data and may not be a reliable indication of the future risk profile of the Fund.
- The risk category shown is not guaranteed to remain unchanged and may shift over time.
- The lowest category does not mean 'risk free'.
- The Class B Shares above appear as a "4" on the scale. This is partly because the Fund invests in fixed income investments whose values do not fluctuate widely.
- The Fund does not provide its investors with any guarantee on performance, nor on monies invested in it.
- In addition to the risk captured by the indicator, the overall Fund value may be considerably affected by:
  - Counterparty Risk - The Fund could lose money if an entity with which it interacts becomes unwilling or unable to meet its obligations to the Fund.
  - Liquidity Risk - Certain securities could become hard to value, sell at a desired time and price, or cease to trade altogether.
  - Management Risk - Investment management techniques that have worked in normal market conditions could prove ineffective or detrimental at other times.
  - Exchange Rate Risk - Fluctuations in exchange rates may cause the value of

your investment to rise or fall.

- Non-UCITS Retail Schemes (NURS) - The Fund is classed as a NURS and can have wider investment and borrowing powers than a UCITS scheme with higher investment limits in various areas. It can also invest to a greater extent in areas such as property and unregulated schemes and have the option to borrow on a permanent basis. Such additional powers can increase potential reward, but may also increase risk.
- Exchange Traded Funds - The Fund may invest in Exchange Traded Funds which represent a basket of securities that are traded on an exchange and may not necessarily trade at the net asset value of their underlying holdings. As a result, they may trade at a price that is above or below the value of the underlying portfolio. Exchange traded funds may not be backed by underlying physical positions and may be subject to counterparty risk.
- Derivatives can carry a high degree of risk - a relatively small movement in the price of the underlying security may result in a disproportionately large movement, unfavourable or favourable, in the price of the derivative. Please do not invest if you do not have the level of knowledge required in order to assess and evaluate the risks associated with the use of derivatives by the Fund or the impact of derivatives on your investment.
- For full details of the Fund's risks please see Section 5 of the Fund's Prospectus, which is available from the ACD at FundRock Partners Limited - Octopus, PO Box 10359, Chelmsford, CM99 2AW or during normal business hours on 01268 44 8634.
