

# Key Investor Information

This document provides you with key investor information about this Fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this Fund. You are advised to read it so you can make an informed decision about whether to invest.

FP WHEB Sustainability Fund, a sub-fund of FP WHEB Asset Management Funds

Class C Accumulation Shares (GBP) (ISIN GB00B8HPRW47)

Class C Income Shares (GBP) (ISIN GB00BHBFFN03)

The Fund is managed by FundRock Partners Limited.

## Objective and investment policy

**Objective:**

The aim of the Fund is to achieve capital growth over 5 years.

**Policy:**

- The Fund will invest at least 80% of its assets in shares in companies anywhere in the world in sectors identified by the investment manager as providing solutions to sustainability challenges. There is no predetermined focus on business sector or geography, although concentrations will naturally emerge through stock selection.
- Under normal circumstances, the Fund will hold cash on deposit up to 10% of the value of the Fund.
- The Fund may also invest in other transferable securities (such as shares, debentures, government and public securities and warrants), funds, money market instruments\* and near cash (which are non-cash assets that are highly liquid and easily converted to cash, such as savings accounts, certificates of deposit and treasury bills).
- The Fund may use derivatives (contracts where the value is linked to the expected future price movements of an underlying asset) for efficient portfolio management (to reduce costs and/or the overall risk of the Fund).
- Individual investments are selected through a research process that analyses individual shares. The investment manager selects shares in companies that provide solutions to sustainability challenges falling within certain sustainable investment themes ("Sustainable Investment Themes") that include but are not limited to: (1) cleaner energy, (2) environmental services, (3) resource efficiency, (4) sustainable transport, (5) water management, (6) education, (7) health, (8) safety and (9) well-being. At least half of the company's revenues must be derived from businesses with a positive impact related to the Fund's Sustainable Investment Themes. The Sustainable Investment Themes may change from time to time and further information on the Sustainable Investment Themes is available on the investment manager's website (<http://www.whebgroup.com/investment-strategy/>) or otherwise directly from the investment manager.
- Additionally, the investment manager reviews the environmental, social and governance ("ESG") quality of a business as part of its investment process. The investment manager's research considers the robustness of risk management systems, governance processes, the extent of any involvement in controversial issues or activities and overall company alignment with sustainability issues and themes. Based on this analysis, the investment manager assesses the company's quality and suitability for the fund. If the company is, in the investment manager's view, exposed to excessive reputational risk, or has significant activity in areas that are not consistent with the investment philosophy of the fund, then it is unlikely to be selected for investment.
- The investment manager will regularly monitor the companies in which the Fund invests against the above sustainable investment criteria. If it is the investment manager's opinion that an investee company no longer meets the sustainable investment criteria, the investment manager will not make any further investments in the company and will seek to realise its investment in such a company in an orderly fashion.
- Further information on the investment manager's responsible investment policy is

available on the investment manager's website (<http://www.whebgroup.com>).

- The Fund is actively managed.

\*A money market instrument is a type of investment that is usually issued by banks or governments and is a short term loan to the issuer by the buyer. The buyer receives interest and the return of the original amount at the end of a certain period.

**Benchmark:**

**MSCI World Net Total Return (GBP) Index**

- For the purpose of providing comparable indicative returns only, investors should refer to the MSCI World Net Total Return (GBP) Index, which is used as a comparator benchmark.
- The Index is used as a comparator benchmark, because it is the most recognised measure of global equity returns.

**Investment Association's (IA) Global sector peer group**

- Reference to the performance of the global equity funds peer group, is also a relevant comparator benchmark included in the Fund's reporting to compare the Fund's performance against the performance of other funds pursuing a similar objective.
- However, neither the Index nor the Peer Group is used to constrain the construction of the portfolio or investment management decisions. Given the Fund's particular objective, the Fund's holdings typically have a very low level of overlap with either the Index or the Peer Group. It is therefore not appropriate to categorise the Index as a target benchmark against which performance of the Fund is set or constraining benchmark which constrains the portfolio composition of the Fund. Instead the Index is used as a comparison tool to give context for the performance of the Fund. The ACD retains the option of adding additional comparator benchmarks in the future, where it is felt that it would be valuable for investors to have additional measures against which to compare the Fund.

**Other information:**

- We carry out investors' requests to buy, sell or switch at midday on each working day (which excludes UK public holidays). If we receive a request after midday, we deal with it on the next working day.
- If you hold accumulation shares, income from investments in the Fund will be rolled up into the capital assets of the Fund.
- If you hold income shares, income from investments in the Fund will be paid out to you once a year.
- Class C Accumulation and Income Shares are denominated in Sterling.
- Recommendation: the Fund may not be appropriate for investors who plan to withdraw their money within 5 years.
- There can be no guarantee that the objective of the Fund will be achieved.
- On encashment, particularly in the short-term, you may receive less than the original amount invested.

## Risk and reward profile

Lower Risk

Typically lower rewards

Higher Risk

Typically higher rewards

5

6

7

- This indicator is based on historical data and may not be a reliable indication of the future risk profile of the Fund.
- The risk category shown is not guaranteed to remain unchanged and may shift over time.
- The lowest category does not mean 'risk free'.
- The Fund does not provide its investors with any guarantee on performance, nor on monies invested in it.
- The Class C Shares above appear as a '6' on the scale. This is because it invests in the shares of companies, whose values tend to vary more widely. The indicator does not take account of the following risks of investing in the Fund:
- The Fund will only invest in companies which fit the themes of clean energy, water, pollution abatement and healthcare which means there will be a limited number of companies worldwide which fit these themes. This limitation may constrain growth in the Fund and the Fund may experience a higher level of volatility than funds which invest in the broader market universe.
- A portion of the Fund's assets may be invested in smaller companies. This investment can involve more risk than investing in larger, more established companies. Shares in

smaller companies are often not as easy to sell as shares in larger companies are. This can cause difficulty in buying, valuing and selling those shares. Also, reliable information for deciding their value or the risks may not be available.

- Market Fluctuations - The investments of the Fund are subject to normal market fluctuations and other risk inherent in investing in securities. Appreciation in the value of investments is not guaranteed.
- Counterparty Risk - The Fund could lose money if an entity with which it interacts becomes unwilling or unable to meet its obligations to the Fund.
- Management Risk - Investment management techniques that have worked in normal market conditions could prove ineffective or detrimental at other times.
- Liquidity Risk - Certain securities could become hard to value, sell at a desired time and price, or cease to trade altogether.
- Exchange Rate Risk - Fluctuations in exchange rates may cause the value of your investment to rise or fall.
- A portfolio that excludes companies deemed unattractive in their environmental, social and Governance Risk (ESG) characteristics might underperform a portfolio that is run without regard to ESG characteristics. Data constraint is a big challenge and there are limitations on the types of sustainability and ESG-related data currently provided to the market. Disclosures and ESG-related information are subject to change due to ongoing improvements in such data.

For full details of the Fund's risks please see Section 5 of the Fund's Prospectus, which is available from the ACD at FundRock Partners Limited - WHEB Asset Management, PO Box 10449, Chelmsford, CM99 2UU or, during normal business hours on 01268 44 8234.

## Charges for this Fund

The charges you pay are used to pay the costs of running the Fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

### One-off charges taken before or after you invest

	Class C Acc (GBP)	Class C Inc (GBP)
Entry Charge	0.00%	0.00%
Exit charge	0.00%	0.00%

This is the maximum that might be taken out of your money before it is invested (Entry charge) or before the proceeds of your investment are paid out (Exit charge).

### Charges taken from the Fund over a year

Management Fee	1.03%
----------------	-------

### Charges taken from the Fund under certain conditions

Performance fee	None
-----------------	------

The entry and exit charges shown are maximum figures. In some cases (including when switching to other funds) you might pay less. You can find out actual entry and exit charges from your financial adviser.

### Management Fee:

There is a charge for managing the Fund, which covers all the fees of managing and administering the Fund (including our fees and the fees of the other service providers to the Funds) with the exception of charges taken from the fund under certain specific conditions which are paid separately out of the Fund.

For more information about charges please see Section 7 of the Fund's Prospectus, which is available from the ACD at FundRock Partners Limited – WHEB Asset Management, PO Box 10449, Chelmsford, CM99 2UU or, during normal business hours on 01268 44 8234. For more details please see the Supplementary Information Document (SID) which is available at [www.FundRock.com](http://www.FundRock.com) or on the above number.

## Past performance

Source: Morningstar Direct
