Global Sustain Fund - I Accumulation

ISIN: GB00BJNQ0V83, Base Currency: GBP

A fund of Morgan Stanley Funds (UK)

The fund is managed by Morgan Stanley Investment Management (ACD) Limited, part of the Morgan Stanley group.

OBJECTIVES AND INVESTMENT POLICY

Objective

- The Fund aims to grow your investment over 5 to 10 years.
- The Investment Manager will also apply ESG criteria that seeks to achieve a greenhouse gas (“GHG”) emissions intensity for the Fund that is significantly lower than that of the reference universe.

Main Investments

- At least 70% of the Fund's investments will be in company shares in developed markets on a global basis.

Investment Policy

- To invest in a concentrated portfolio (typically 25-50 holdings) of high quality companies characterized by sustainably high returns on operating capital, powerful intangible assets such as brands, networks, licences and patents, and pricing power.
- The Fund includes: climate and weapons-related exclusions; a greenhouse gas (GHG) emissions intensity filter, and; other sector/industry restrictions, including alcohol and tobacco. For further details, please see the Fund's Restriction Screening policy on the Company's website (www.msim.com).
- As an essential and integrated part of the investment process, the Investment Manager assesses relevant factors material to long term sustainable returns including environmental, social and governance (ESG) factors and seeks to engage with management teams as part of this. The Investment Manager retains discretion over which investments are selected. In exercising this discretion, ESG factors are not the sole determinant of whether an investment can be made or a holding can remain in the Fund's portfolio, but instead the Investment manager considers the impact of these ESG factors on the long term sustainable returns of an investment.

- The Fund may make use of exchange traded and over-the-counter options, futures and other derivatives for efficient portfolio management (including hedging) purposes. The Fund may also invest up to 30% of its assets in companies in emerging markets, including China A-Shares via Stock Connect.

Other Information

- The reference universe is defined, only for the purposes of comparing GHG emissions intensity, as the MSCI AC World Index.
- The Fund's performance is compared against the MSCI World (Net) Index.
- Income will be included in the value of your shares.
- The Fund may invest up to 30% of its assets in other investments that do not meet the above criteria.

Buying and selling shares

- Investors may buy or sell shares on any London working day, or any other day if decided by the Authorised Corporate Director.

RISK AND REWARD PROFILE

The risk and reward category shown is based on historic data.

- Historic figures are only a guide and may not be a reliable indicator of what may happen in the future.
- As such this category may change in the future.
- The higher the category, the greater the potential reward, but also the greater the risk of losing the investment. Category 1 does not indicate a risk free investment.
- The fund is in this category because it invests in company shares. and the fund's simulated and/or realised return has experienced high rises and falls historically.
- The fund may be impacted by movements in the exchange rates between the fund's currency and the currencies of the fund's investments.

This rating does not take into account other risk factors which should be considered before investing, these include:

- The fund relies on other parties to fulfill certain services, investments or transactions. If these parties become insolvent, it may expose the fund to financial loss.
- Sustainability factors can pose risks to investments, for example: impact asset values and increased operational costs.
- There may be an insufficient number of buyers or sellers which may affect the funds ability to buy or sell securities.
- Investment in China A-Shares via Shanghai-Hong Kong Stock Connect program may also entail additional risks, such as risks linked to the ownership of shares.

CHARGES

The charges you pay are used to pay the costs of running the fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest

Entry charge	0.00%
---------------------	-------

Exit charge	0.00%
--------------------	-------

This is the maximum that might be taken out of your money before it is invested / before the proceeds of your investment are paid out.

Charges taken from the fund over a year

Ongoing charges	0.80%
------------------------	-------

Charges taken from the fund under certain specific conditions

Performance fee	Not applicable
------------------------	----------------

The entry and exit charges shown are maximum figures. In some cases you might pay less, you can find this out from your financial adviser.

The ongoing charges figure is based on expenses for the year ending 31st December, 2023. This figure may vary from year to year. It excludes almost all costs of dealing in the fund's underlying investments.

The fund may charge a fee on purchases, sales or switches if it feels other shareholders will suffer as a result of the cost of the transaction. This fee will be retained by the fund for the benefit of all shareholders.

For more information about charges, please see the Charges and Expenses section of the prospectus.

PAST PERFORMANCE

- Past performance is only a guide and does not guarantee future performance.
- Past performance has been calculated after the deduction of ongoing charges, as described above, but not the deduction of entry or exit charges.
- This share class was launched in 2019. The fund was launched in 2018
- Past performance has been calculated in GBP
- The Fund's performance is compared against the MSCI World (Net) Index. The Index has been chosen for performance comparison purposes because it is a broad global equity index that represents large [and medium sized companies] performance across developed countries. The Fund is actively managed and does not base its investment process upon, and is not otherwise constrained by, the Index, so will not hold every company in the Index and may also hold companies that do not form part of it.
