Performance is provided net of fees. Past performance is not a reliable guide to future performance. Performance is calculated in GBP on the basis of net asset values (NAV) and net dividends reinvested. P share launched 15.10.12. Performance prior to this date is from A shares launched 07.06.12. A factsheet for the A share class is available upon request. Prior to 01.10.2015 this Fund was a Non-UCITS Retail Scheme.

Source: Sarasin & Partners LLP and Financial Express. Annualised Growth Rate (AGR) is the increase or decrease in value of an investment, expressed as a percentage per year. The source for the annualised volatility measurement is Financial Express and this measurement is expressed using the standard deviation of the Fund's UK Stg monthly returns over the most recent 36 month period. On 17.09.14 Sarasin Fund of Funds - Global Equity changed it's name from Sarasin Global Equity Fund of Funds. The benchmark of this fund has changed over time. Please visit www.sarasinandpartners.com/docs/global/benchmarkhistory for a full history. *Accumulation Dividends are reinvested back into the fund, Income units are paid out to investors.

Risk Profile

The Risk and Reward Indicator table demonstrates where the Fund ranks in terms of its potential risk and return, calculated using the volatility of monthly returns over five years. As it is based upon how the Fund has performed in the past, you should note that the Fund may well perform differently in the future. The risk category shown is not guaranteed and may shift over time. The higher the rank the greater the potential reward but the greater the risk of losing money. The Fund is ranked at 5 reflecting observed historical returns. The fund is in this category because it has shown higher levels of volatility historically.

This promotion has been approved by Sarasin & Partners LLP of Juxon House, 100 St Paul's Churchyard, London, EC4M 8BU, a limited liability partnership registered in England & Wales with registered number OC329859 which is authorised and regulated by the Financial Conduct Authority with firm reference number 475111 and passported under MiFID to provide investment services in the Republic of Ireland.

The investments of the fund are subject to normal market fluctuations. The value of the investments of the fund and the income from them can fall as well as rise and investors may not get back the amount originally invested. If investing in foreign currencies, the return in the investor's reference currency may increase or decrease as a result of currency fluctuations. Past performance is not a guide to future returns and may not be repeated.

There is no minimum investment period, though we would recommend that you view your investment as a medium to long term one (i.e. 5 to 10 years). Frequent political and social unrest in Emerging Markets, and the high inflation and interest rates this tends to encourage, may lead to sharp swings in foreign currency markets and stock markets.

There is also an inherent risk in the smaller size of many Emerging Markets, especially since this means restricted liquidity. Further risks to bear in mind are restrictions on foreigners making currency transactions or investments. For efficient portfolio management the Fund may invest in derivatives. The value of these investments may fluctuate significantly, but the overall intention of the use of derivative techniques is to reduce volatility of returns. The Fund will invest in other collective investment schemes, including both regulated and unregulated collective investment schemes. Investment in unregulated collective investment schemes carries additional risks as such schemes may not be under the regulation of a competent regulatory authority, may use leverage and may carry increased liquidity risks.
